REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF BOUBYAN BANK K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Boubyan Bank K.S.C.P. (the “Bank”) and its subsidiaries (collectively “the Group”) as at 30 September 2019, and the related interim condensed consolidated statement of profit or loss and the interim condensed consolidated statement of other comprehensive income for the three and nine months periods then ended, and the related interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the nine months period then ended. The management of the Bank is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of presentation set out in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with the basis of presentation set out in Note 2.

Report on other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of accounts of the Bank. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Bank’s Articles of Association and Memorandum of Incorporation, as amended, during the nine months period ended 30 September 2019 that might have had a material effect on the business of the Bank or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations, during the nine months period ended 30 September 2019 that might have had a material effect on the business of the Bank or on its financial position.

On 31 July 2012; the Bank became a subsidiary of National Bank of Kuwait K.S.C.P. (“the Parent Company”).

This interim condensed consolidated financial information as at and for the nine months period ended 30 September 2019 incorporates the financial information of the Bank and its principal operating subsidiaries, Boubyan Takaful Insurance Company K.S.C. (Closed) and Boubyan Capital Investment Company K.S.C. (Closed), (together referred to as “the Group”) and the Group’s interests in associates.

The address of the Bank’s registered office is P.O. Box 25507, Safat 13116, State of Kuwait.

This interim condensed consolidated financial information was authorised for issue by the Board of Directors on 6 October 2019.

2. SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation**

The interim condensed consolidated financial information of the Group has been prepared in accordance with International Accounting Standard (IAS) 34, ‘Interim Financial Reporting’ except as noted below. The accounting policies used in the preparation of these interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2018 except for the changes described below arising from the adoption of IFRS 16 ‘Leases’ effective from 1 January 2019.

The annual consolidated financial statements for the year ended 31 December 2018 were prepared in accordance with regulations for financial services institutions as issued by the Central Bank of Kuwait (“CBK”) in the State of Kuwait. These regulations require expected credit loss (“ECL”) to be measured at higher of the ECL on credit facilities computed under IFRS 9 according to the CBK guidelines or the provisions as required by CBK instructions; the consequent impact on related disclosures; and the adoption of all other requirements of International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standard Board (“IASB”).

The ECL for Islamic financing as at 30 September 2019 is **KD 50,802** thousand (31 December 2018: KD 49,914 thousand) which is lower than the provision for impairment of Islamic financing to customers required by CBK.

The interim condensed consolidated financial information does not contain all information and disclosures required for the annual consolidated financial statements prepared in accordance with IFRS as adopted for use by the State of Kuwait, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2018. Further, results for interim periods are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019.

For the period from 1 January 2019 to 30 September 2019

2. SIGNIFICANT ACCOUNTING POLICIES (continued)**2.2 Changes in accounting policies and disclosures****Adoption of IFRS 16 ‘Leases’**

The Group has adopted IFRS 16 issued in January 2016 starting from 1 January 2019. IFRS 16 replaces IAS 17, IFRIC 4, SIC-15 and SIC-27. IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases. The Group, as a lessee, has adopted the following accounting policy in respect of its leases:

At inception of a contract, the Group assesses whether the contract is a lease. A contract is a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration. If the contract is identified as a lease, the Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred. The right-of-use asset is subsequently depreciated using the straight-line method over the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group’s incremental borrowing rate. The lease liability is subsequently measured at amortised cost using the effective yield method.

6. IMPACT OF ADOPTION OF IFRS 16

The Group has applied IFRS 16 using the modified retrospective approach and therefore the comparative information has not been restated. Lease liabilities and right-of-use assets were both recorded at the present value of future lease payments, thus no impact was recorded on the opening retained earnings.

The Group presents right-of-use assets in property and equipment and lease liabilities in other liabilities in the interim condensed consolidated statement of financial position. The carrying value of the right of use assets and lease liabilities as at 30 September 2019 amounted to **KD 10,868** thousand and **KD 8,518** thousand respectively.

Depreciation charge for the right-of-use assets for the period amounted to **KD 2,478** thousand and is included in depreciation in the interim condensed consolidated statement of profit and loss.

7. BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit for the period attributable to the equity holders of the Bank by the weighted average number of shares outstanding during the period.

Diluted earnings per share is calculated by dividing the net profit for the period attributable to the equity holders of the Bank by the weighted average number of shares outstanding during the period plus the weighted average number of share that would be issued on the conversion of all the dilutive potential shares into shares. The diluted earnings per share arising from the issue of employee share option does not result in any change to the reported basic earnings per share.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. Fair values are obtained from quoted market prices, discounted cash flow models and other models as appropriate.

Fair value hierarchy

The table below analyses financial instruments measured at fair value by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: input other than quoted prices included within Level 1 that are observable, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs that are not based on observable market data (unobservable inputs).
